The diagram illustrates a file dependency structure. At the top is a gray box containing the header file path `orca/common/websockets.h`. Below it are two white boxes. The left box contains the path `/home/lucasmull/Trabalho/orca/discord-internal.h` and the right box contains `/home/lucasmull/Trabalho/orca/reddit-internal.h`. Blue arrows point from each of these bottom boxes up to the top box, indicating that both source files include the common header.
